

PEARL

DL40 - LOW PROFILE LED RECESSED DOWNLIGHT

Value without compromise

The Pearl downlight from Vision Lighting maintains a crisp clean look, with its set back opal diffuser, slim rim, and low profile.

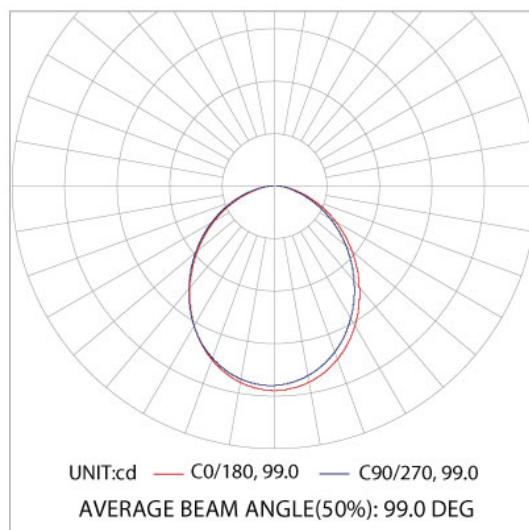

Perfect for a range of applications, the Pearl downlight features an IP54 construction making it ideal for use in moist environments such as bathrooms and outdoor canopies.

Complete with a 1.2m flex and plug and spring clips, the Pearl allows for quick and easy plug and play installation.
