## DLA84 - ANTI-LIGATURE DOWNLIGHT

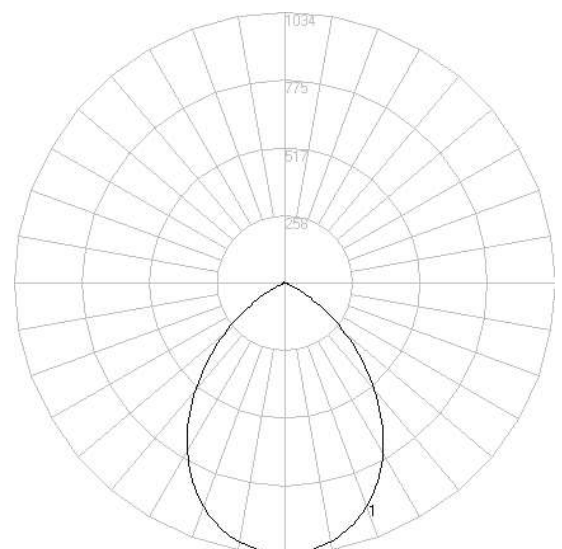

The Celeste anti-ligature downlight is designed for mental health areas in hospitals and aged care facilities. Our downlight incorporates advanced LED technology, providing efficient and high-quality illumination while ensuring maximum safety for patients.

Featuring an anti-ligature design, the Celeste AL provides a secure and safe environment, preventing patients from using the downlight for self-harm or causing any other potential injuries.

Its low-glare design guarantees comfortable and non-intrusive lighting, making it ideal for various settings, such as patient rooms, corridors, and common areas.
