

LUNAR

BUNKA - BUNKER LIGHT

Classic Style, Superior Quality

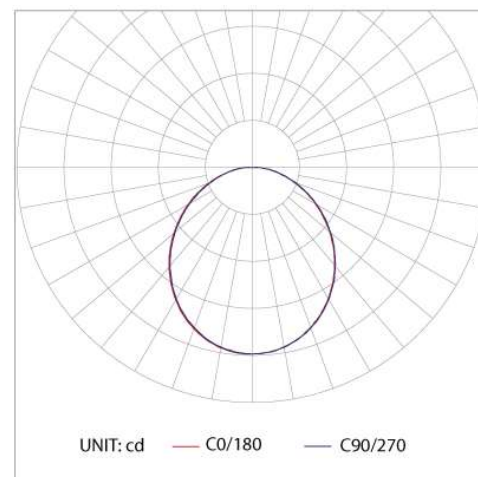

A bunker light is a great way to finish off the exterior of any building. The Lunar from Vision Lighting does this well, and is ideal for use around verandas, alongside walkways, and a variety of other areas.

The Lunar is constructed with a solid cast aluminium housing, finished with quality powder coating and a tough polycarbonate opal diffuser.

The Lunar features quality componentry, with quality gaskets to ensure an IP65 rating. On the back, two grommet-protected entry holes are used to make it easier to loop cable to multiple fittings.

PRODUCT SPECIFICATIONS

Wattage:	12W 14W 16W 18W
Lumens:	1400 1600 1800 2000Lm
CCT:	3000L 4000L 5000K
CRI:	Ra>80
Beam Angle:	120°
Dimming/Control:	DALI Motion Sensor
Material:	Aluminium
Diffuser:	Opal Polycarbonate
Colour:	Black
Mounting:	Surface
IP Rating:	IP66
Lifetime:	L80B10>50,000hr
