

EVINCE

TL16 - LED TRACK LIGHT

Highlight and Feature

Providing revealing quality illumination, the Evinced from Vision Lighting brings your project to life.

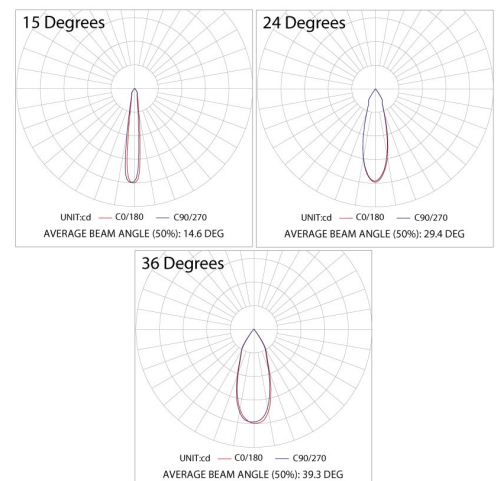

Constructed from a die-cast aluminium body, the Evinced incorporates quality Lumileds componentry. With a 90° vertical and 355° horizontal rotation the Evinced provides unparalleled flexibility to put light where you need it.

Perfect for highlighting, the Evinced provides consistent and comfortable ambient lighting with maximum visual texture. Ideal for use in cafes, restaurants, hotels, retail, museum, gallery and theatre lighting applications.
